

## PRESS RELEASE

# MASTERS IN FINANCE 2024 RANKING

## EADA Business School among the elite for postgraduate finance training

**Barcelona, 17 June 2024.** The [International Master in Finance](#) at EADA Business School continues to rank among the best schools in the world for postgraduate finance training in the **Masters in Finance 2024 Ranking**, which was published today by the Financial Times.

The 12-month programme is aimed at recent graduates who wish to pursue a career in the finance sector. According to Programme Director, Jaume Bonet, ***“we have consistently achieved high rankings for employability and the number of international participants. 100% of our students find employment 3 months after completing our master’s degree, which is an objective indicator of the excellence of our programme”.***

The Financial Times stipulates that all schools must be EQUIS or AACSB accredited in order to be included in the ranking.

The FT ranking is based on a range of qualitative and quantitative criteria including participants’ salaries 3 years after graduation, employability 3 months after finishing the programme, the percentage of international students and female participants as well as the number of doctoral faculty members, among other aspects.

**EADA Business School Barcelona** was founded in 1957 by a group of entrepreneurs and professionals as an ideologically and economically independent institution. As well as appearing in the recognised international rankings of the Financial Times and The Economist, it holds the EQUIS accreditation from the EFMD (European Foundation for Management Development) and the AMBA, which recognises the quality of MBA programmes.
